

Information on Product Compliance

Hanau, 18 March 2026

Certificate of Compliance with the Regulation (EC) No 1907/2006 (REACH)

The Regulation (EC) No 1907/2006 (REACH) is fully implemented within our company. This certificate confirms that VACUUMSCHMELZE complies with all obligations arising from the REACH Regulation, including registration, evaluation, communication duties, and adherence to applicable restrictions and authorisation requirements.

As a supplier of assembled products, VAC is subject to the communication obligations defined in Article 33(1) of the REACH Regulation.

Accordingly, we inform our customers if any article supplied by VAC contains one or more substances from the Candidate List of Substances of Very High Concern (SVHC) in a concentration above 0.1% (w/w). As of February 2026, the Candidate List includes 253 substances/substance groups.

1,2-Benzenedicarboxylic acid, di-C7-11 – branched and linear alkyl esters

VAC assembled products contain 1,2-Benzenedicarboxylic acid, di-C7-11 – branched and linear alkyl esters with a concentration of more than 0.1 % by weight (w/w) as listed below:

T60403-Y4021-X135	T60403-Y4021-X136	T60403-F4097-X087
T60403-Y4215-X170	T60403-D4215-X177	T60403-F5032-X096
T60403-A4225-X056	T60403-F5032-X087	T60402-C5048-X015

SCIP-Database

Due to Directive (EU) 2018/851 of the European Parliament and of the Council amending Directive 2008/98/EC on waste, supplier must provide information on SVHC related to their assembled products together with other information also to ECHA via the central database SCIP. VAC has submitted the affected products as per above to the database; SCIP numbers are available upon request.

Certificate of Compliance with the Directive 2011/65/EU, Delegated Directive EU 2015/863 (RoHS)

We hereby confirm that our products comply with Directive 2011/65/EU (RoHS), as amended by Delegated Directive (EU) 2015/863, restricting the use of certain hazardous substances in electrical and electronic equipment. The restricted substances do not exceed the applicable maximum concentration values. These substances are not intentionally added; any trace presence is limited to impurities within the allowed limits, unless the Directive provides an exemption.

Certificate of Compliance with the Regulation (EU) 2019/1021 (POP)

We hereby confirm full compliance with Regulation (EU) 2019/1021 (POP). Our products contain no intentionally added POP substances, and any presence is limited to unintentional trace contaminants.

Certificate on Compliance with Toxic Substances Control Act (TSCA) Section 6(h)

The United States Environmental Protection Agency (EPA), which is considered the counterpart of the European Chemicals Agency (ECHA), established the final rules of the Toxic Substances Control Act (TSCA) Section 6 (h) on 6 January 2021. With these, regulations were issued to reduce exposure to the PBT chemicals listed below, which became legally effective in March 2021.

Based on our current state of knowledge, we hereby confirm that the products supplied by us do not contain any substances from the TSCA list below.

Decabromodiphenyl ether (DecaBDE)
Phenol, isopropylated phosphate (3:1)(PIP (3:1))
2,4,6-Tris(tert-butyl)phenol (2,4,6-TTBP)
Hexachlorobutadiene (HCBd)
Pentachlorothiophenol (PCTP)

Per- and polyfluoroalkyl substances (PFAS) Declaration

Per- and polyfluoroalkyl substances (PFAS) are a large class of thousands of synthetic chemicals that are used throughout society. However, they are increasingly detected as environmental pollutants and some are linked to negative effects on human health. There is currently an initiative by a group of countries in the EU REACH framework preparing a restriction intention for the PFAS group of substances. VAC is actively following this development. We do not actively process PFAS. However, some purchased goods which are essential for some components produced by VAC contain these substances. There are currently no alternatives for our application. Alternative substances with similar (physico-) chemical characteristics are currently unknown, rare, or suspected to have similar biological and ecological risks.

VAC assembled products contain PFAS as listed below:

T60403-A4097-X082	T60403-D4097-X085	T60403-F4097-X087
